

Python3 Tools Home

The clazzes.org Team maintains a set of python3 libraries easing the manipulation of ISO-8601 timestamps, logging setup and other tasks.

SVN repositories

- [clazzes-tools](#) Basic tools with helper functions.
- [clazzes-http](#) HTTP tools for minimal HTTP reverse proxy implementation.
- [clazzes-gpsclient](#) A versatile GPS client for interoperating with GPSD.

Debian Packages

<http://deb.clazzes.org/any/pool/any-pytools-1/>
